

Thomas Delaney

Senior Business Intelligence Developer/Analyst/ETL expert AWS Cloud, IT implementation
Bangalore, India

“ No one is good at everything but as long as you are focused on your core offering, you are gonna be great. I have worked in different companies and had different responsibilities to have a profile like that. I'm always interested in hearing from former colleagues, managers, or just interesting creative folk, so feel free to contact me if you 'd like to connect.”
